

WINE, WIT WISDOM

WITH JOHN BOURDAGE

Join *Great Lakes Life Magazine's* man of etiquette, John Bourdage as he takes you through the world of *Wine, Wit, and Wisdom* in our region. Each installment takes Bourdage across western New York to not only reveal some of the great wine and culinary offerings in our area, but to educate the viewer on food and wine culture from making the perfect food and wine pairing in any situation to how to read (and create) a wine list to what to look for in purchasing a bottle of wine. Bourdage, a graduate of the internationally

renowned Ivor Spencer School for Butler Administration and Personal Assistants in London and a specialist in the field of food and wine, takes his expert knowledge of his subject and presents it in a manner that will benefit wine novices and experts while finding the people helping shape the food and wine culture of our region.

Wine, Wit, and Wisdom airs on Lockport Community Television, based out of Lockport, New York. For more information, visit www.lctv.net.
